

Air 1 is a great radio station that offers encouraging, upbeat Christian programing to my community of Eugene/Springfield, OR

Air 1 offers a style of music and programing that appeals to many young people in our community and if it were to be diplaced by an LPFM broadcaster, there would be a definite void of positive, uplifting music with a Christian message.

The service provided by Air 1 is definitely in the public interest, especially in our community. We do not have a local FM Christian station broadcasting this kind of programing. Air 1 meets a definite need in our community - especially with a large group of high school and college students!
